In 300 words or less, describe in your own words, "What My Father Means To Me."

In life, we all have male role-models, like our older sister's boyfriend, an older brother, or an Uncle. But for me, my male role-model is my dad. Let me introduce you to some of the interesting qualities in my dad.

The first quality I like about my dad is his musical abilities. My dad has an ear just for music and that ability helps me with my instrument playing. When I was born, my dad passed on that gift and love for music and I hope one day I will take that quality to the next level.

The next quality that I love about my father is his love for God. I'm so glad that I have a heritage of christianity. My dad is a pastor at the First Baptist Church of Crawfordville, but I'm not for certain if I want to do that when I am older. But one thing I do know though, is that I will always be a christian, thanks to my dad.

To get to the end and straight to the Point, I love my dad as a dad, and a role - model. He is always filled with care and love for others, including me. When I think of my father I think of "#1Dad" tee-shirts, because he is, to me, the number one dad. I'm always thankful for him and I'm so glad the Lord let him be my father. I hope one day I will be just like my dad because he is my #1 hero.
